2. An examination of [REDACTED] last three Residence and Dependency Reports of record (going back to the early 1960's) indicate that he listed Bainbridge, Georgia on the forms in the blanks captioned "Place in Continental US Designated as Permanent Residence" and "Home Leave Residence." His listing of Bainbridge in both spaces apparently coincides with the change in his parents' address, i.e., Eastman, Georgia in 1961 and Bainbridge, Georgia sometime thereafter during 1961-1963. While his designation of Bainbridge as a home leave point is a valid situs for home leave purposes, it will be necessary [REDACTED] to gain headquarters approval of Bainbridge as his "Permanent Place of Residence" in accordance with the criteria specified in the new [REDACTED] STATINTL
